ONNERA GROUP

My Laundry Time Kiosk

Simplify your laundry experience
with advanced self-service.

My Laundry Time Kiosk

Fagor Professional offers you a new way of making payments and managing your self-service laundry. Its new simple and modern payment centre, **My Laundry Time Kiosk**, is also integrated into FagorKonnnect.

It manages payments simply, securely and quickly with the built-in contactless payment terminal.

Two versions of 12” and 32” touchscreens, for a system that is also compatible and complementary with other payment systems.

Versatility

- Can be combined with other payment systems (coins, mobile phones, etc.)
- Possible to connect equipment by pulse communication up to a maximum of 8 units with M control and/or equipment from other manufacturers*

** Requires ordering the external pulse signal card option.*

Easy to install and set up

- Kiosk connected to the internet via Ethernet
- Can be set up in just a few minutes
- Integrated with FagorKonnnect and the My Laundry Time App

Security

- No coin storage, electronic payment
- Contactless payment, by payment gateway

Check available payment countries and their corresponding fees.

- Unlimited connections to Fagor Professional equipment with Touch Plus Control TP2

It is recommended to install on a wall where there is rear access for easy access to all elements.

In installations with access only from the front, 25 cm must be left on the left side for access.

Customer experience

Touchscreens with a very simple and user-friendly interface, making the experience in your laundry very simple and safe for your customer.

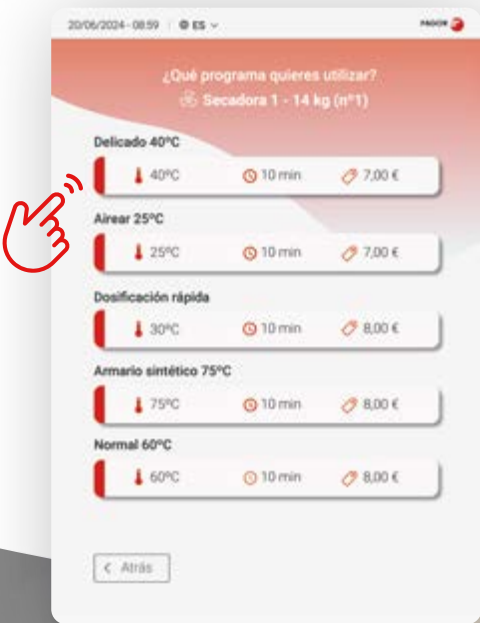

The steps to arrange and pay for the laundry service are very simple, visual and quick.

Service selection, payment and activation process

1. Select the operation: washing, drying or disinfection
2. Select the available machine
3. Select the programme
4. Add extra time (optional)
5. Pay by tapping your contactless device
6. Confirm payment and press START

The customer can also:

- Choose their language on the start screen
- Ask for a payment/service receipt to be issued:
 - Paper format in **My Laundry Time Kiosk 32 + Printer** model
 - Electronic format in both models by registering in the APP and entering e-mail address on the screen

Owner experience

As a laundry owner you need a simple element for the customer that makes your life easier. **My Laundry Time Kiosk** is the element that provides the customer with an improved and secure experience, as well as allowing you to manage it efficiently and remotely thanks to its integration with FagorKonnnect.

IoT connection is easy and free

Efficient management

• Centralised financial management

Keep track of collections and payments at all times, you can even manage refunds.

• Management of promotions

You can create on-screen promotions for your customers.

• Kiosk management

If you have more than one kiosk in the same laundry or other laundries, you can register them on FagorKonnnect via the “machines” menu and list them.

• ONNPay

Manage payments through your own standard payment gateway in your **My Laundry Time Kiosk** with outstanding advantages:

- No start-up fees
- No fixed costs, no annual licence fees
- Very low commission rates with no fixed fees*

Check available payment countries and their corresponding fees.
