

SELF-SERVICE

Laundry2Go Compact

CHARACTERISTICS

INCLUDED MACHINES

Compact laundry container consisting of:

- 18 kg washer
- 10 kg washer
- 18 kg dryer

- Electric boiler for hot water (capacity 80 litres).
- Possibility of adding the **My Laundry Time Kiosk**, the new payment centre with 12' digital display, which supports contactless payments by card or other smart devices (NFC).
- Reduced installation power, only 17 kW.
- A single connection point to mains electricity, water and drainage at the bottom of the container. Large area to be able to adapt to the installation.
- Winter pack option recommended for ambient temperatures below -10°C.

TP2

- All machines include TP2, with 7' colour touch screen, fully programmable and easy to use.
- Menus available in 37 languages.

CONNECTIVITY

- FagorKconnect - Standard and free connectivity.
- The IoT solution allows you to manage your compact laundry, creating discount programmes for customers, view statistics, etc.
- Remote payment: through **My Laundry Time Kiosk**, it allows payments via QR code, promotions and machine reservation.

VERSATILITY

- Tailor-made: possibility of customising the containers.
- Ready for easy transport by Fenwick from below or by crane to the four lifting points on the container.

APPLICATIONS

- Petrol stations, service areas, public car parks, supermarkets, campsites, etc.

STRENGTH

- Structure made of galvanised steel with skinplate fairing.
- Safety glass composed of 5 mm glass, polyvinyl butyral film and another 5 mm glass film.

EASY MAINTENANCE

- Easy and ergonomic access for technicians and chemists via side and rear panels.
- Equivalent parts: many key parts are the same for all models (contactors, electronic parts, motor...).
- Easy access to components for reparability via front, side and rear hinged panels.
- Technical menu: telemetry, fault diagnosis, etc.

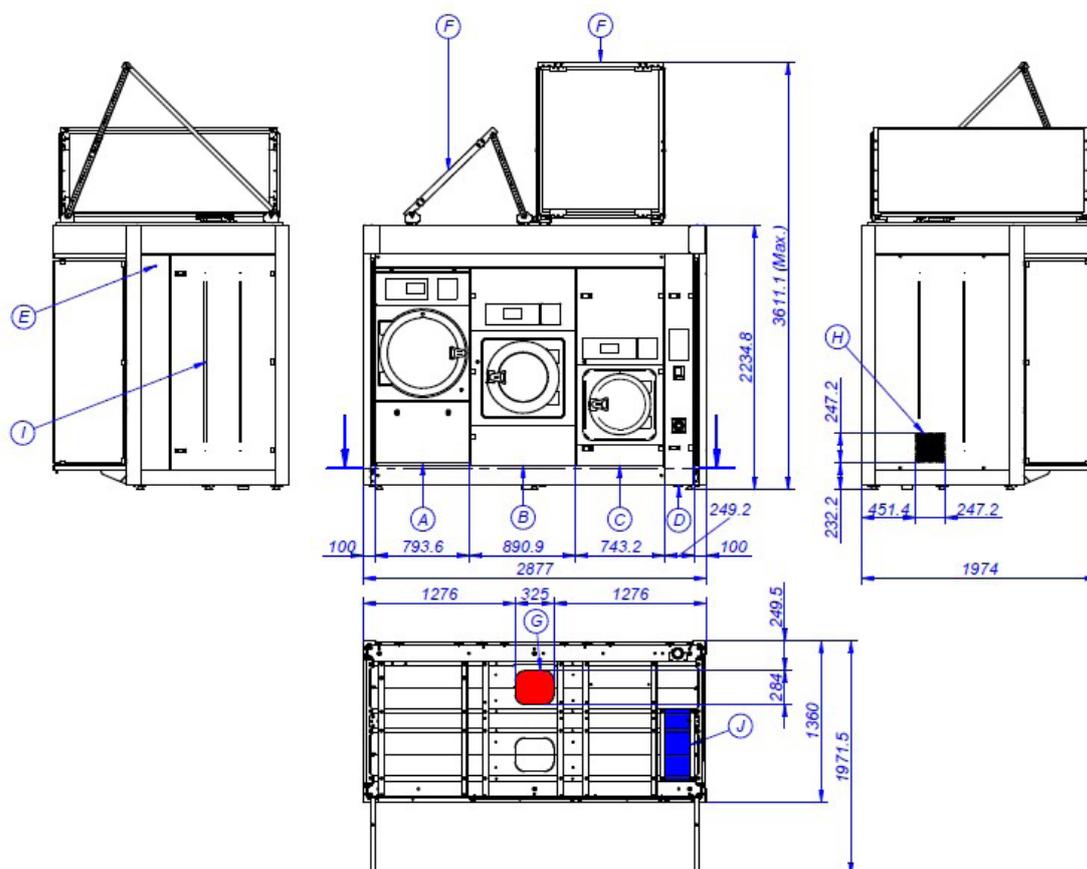

OPTIONS

- **My Laundry Time Kiosk 12'** integrated payment centre.
- Front illuminated sign kit.
- Rear illuminated sign kit.
- Solar panels.
- Maritime packaging.
- Winter pack.
- Home automation system.
- 230V III 60Hz.
- Self-service payment systems.
